## TV CHANNELS USED FOR ROYALTY ALLOCATIONS / CHAINES UTILISEES POUR LES REPARTITIONS DE ROYALTIES

AGICOA allocates the totality of the collected royalties to individual rightsholders on the basis of a representative sample of TV channels retransmitted in each country (the sample has been chosen in order to reduce distribution costs, whilst being representative). / L'AGICOA alloue toutes les royalties perçues, entre des ayants droit individuels, sur la base d'un échantillon représentatif de chaînes TV retransmises dans chaque pays (cet échantillon représentatif a été déterminé afin de réduire les coûts de distribution).
